REPAIRS THEN AND NOW: 20 YEARS OF ICRI

2008 SPRING CONVENTION
APRIL 16-18, 2008 • THE SHORES RESORT & SPA
DAYTONA BEACH SHORES, FLORIDA

A beautiful hotel on Daytona Beach, a fantastic party to celebrate ICRI's 20th Anniversary, and record-breaking attendance all made for a memorable 2008 Spring Convention, April 16-18, at The Shores Resort & Spa in Daytona Beach Shores, FL. Almost 300 people showed their support for the organization and the industry by participating in the convention.

To help celebrate this special occasion, we changed the schedule of the convention. Because we occasionally hear from our very active members that it is difficult for them to see Technical Sessions, as they are so involved in committee meetings, this convention kicked off Wednesday morning with great Technical Sessions, and no committee meetings scheduled during this time.

This was followed by the first ICRI Golf Tournament on Wednesday afternoon. Around 80 golfers enjoyed the hospitality at the LPGA International Golf Course, with a box lunch, followed by the tournament. Though it was a bit windy, the sun was shining, the course was great, and everyone had a terrific afternoon.

This was immediately followed by our Welcome Reception on Wednesday evening. Attendees mingled among the exhibitors and caught up with old friends. The winners from the golf tournament—looking slightly sunburned—received their prizes during this event as well.

Thursday morning at the convention was as busy as ever, beginning with the “Visit the Exhibits” breakfast. This is one of the special times we set aside to strongly encourage all attendees to visit the exhibits; and if you do, you might even be lucky enough to win a great prize, as we always have a drawing during these breakfasts.

The theme for this spring convention was “Repairs Then and Now: 20 Years of ICRI,” which made for some very interesting presentations at the Technical Sessions, including talks from prominent members, Past Presidents, and many others. We had a record number of committee meetings going on during this time as well.

Celebrating our anniversary really began at lunch Thursday, with our Recognition Luncheon and 20th Anniversary Special Presentation. In addition to introducing the 2008 Board of Directors, inducting new ICRI Fellows, recognizing ICRI’s Supporting Members, and handing out the Chapter Awards for activities in 2007, ICRI President Monica Rourke presented a recap of the past 20 years of ICRI. All Past Presidents were specially recognized along with highlights from their year in office. We also formally recognized ICRI’s first group of 20-year members!

After all of the hard work during the day on Thursday, it was time for some fun! Attendees celebrated 20 years of ICRI with a fun-filled casual evening on a deck overlooking the beach and the ocean, with plenty of food and drink. ICRI’s first Executive Director, Milt Collins, entertained the crowd with some of his memories of the early years of the organization. And the DJ kept things hopping with some great music enticing many people out onto the dance floor. As you can see from the photos, everyone had a great time at this event!

And as no trip to Daytona should be without a trip to the famous track, on Friday evening, several ICRI chapters helped sponsor an evening at the Daytona Speedway Experience. Attendees got to race each other in simulated cars, learned how to change a tire in mere seconds, and much more.

As you can see, ICRI conventions are full of interesting activities and many lively (and fun!) networking opportunities. We hope to see you all at the 2008 Fall Convention in St. Louis, MO, October 29-31, 2008. The theme of the convention is “Masonry Repair,” and we also have many great speakers and social events lined up, including one for spouses. In addition to the regular convention activities, we will also be honoring the recipients of the 2008 ICRI Project Awards at a special dinner. If you have never attended a convention, this fall would be a great time to start!

ACI Executive Vice President Bill Tolley (right) congratulates ICRI’s 2008 President Monica Rourke on the association’s 20 years of success
