

ICRI 2010 CHAPTER AWARDS

BY DALE REGNIER

The ICRI Chapter Awards Program recognizes our chapters that, through their operations, programs, and activities, display a dedication to excellence and a commitment to success. The submission forms are designed specifically to help each and every ICRI chapter—no matter the size—create its own unique road map to success. By reviewing a number of chapter activities and assessing all the areas of chapter operations, each chapter can determine areas in which it excels or might need to focus more attention.

These awards are for the chapter activities during the 2010 calendar year. For the 2010 awards year, a very healthy number of chapters participated, taking the time to evaluate their efforts and strengthen their missions. There are three awards: the Excellent Chapter

Award, for chapters achieving 76 to 100 points; the Outstanding Chapter Award, for chapters garnering more than 100 points; and the Chapter of the Year Award, for the chapter that achieves the highest number of points out of a total of 209 (50 bonus points were added in 2010 for chapters that submitted 501(c)(6) designation and were incorporated in their state). In addition, the ICRI Chapters Committee has a Most Improved Chapter Award for the chapter that submits an awards application for the second year in a row and shows the greatest percentage of improvement.

The awards were presented at the ICRI 2011 Spring Convention in Houston, TX. Chapters are the lifeblood of this organization, and ICRI is pleased and proud to share these winners with all its *Concrete Repair Bulletin* readers.
