

STAFF UPDATE

ICRI WELCOMES NEW TECHNICAL DIRECTOR!

KEN LOZEN

ICRI is pleased to announce that we have hired one of the founding members of the association as our Technical Director. Ken Lozen, not only a founding member but also the original Treasurer of the Institute, joined ICRI on August 19, 2013. Ken will work from CAM's headquarters in Farmington Hills, MI. Many of you know Ken from his work on various ICRI committees over the years. His knowledge of ICRI and the repair industry will be a great asset to ICRI.

Ken is also an ICRI Fellow and has served on many committees, including the ICRI Technical Activities Committee (TAC) and ICRI Committees 210, Evaluation, and 310, Surface Preparation. He has received several awards and has authored numerous articles during his career on repair, restoration, strengthening, and maintenance of concrete structures. Ken is also a Fellow of the American Concrete Institute (ACI) and serves on several ACI Committees, including ACI Com-

mittees 228, Nondestructive Testing of Concrete; 546, Repair of Concrete; 563, Specifications for Repair of Structural Concrete in Buildings; and E706, Concrete Repair Education.

Ken has over 30 years of experience in restoration engineering, construction materials quality control, concrete technology and troubleshooting, project management, litigation, and structural rehabilitation. He has been a Principal Engineer/Associate for NTH Consultants in Farmington Hills, MI, for many years. Ken received his Bachelor of Science degree in civil engineering from the University of Detroit, Detroit, MI.

Please join us in welcoming Ken as Technical Director of ICRI.
