

MISSION STATEMENT

To provide the concrete repair industry with detailed guidelines to develop efficient and effective repair solutions using the appropriate repair materials and application methods.

BENEFITS OF COMMITTEE MEMBERSHIP:

- With multiple existing guidelines, there are immediate opportunities to improve these documents.
- New initiatives give this committee continuous opportunity for additional guidelines and learning modules, which gives members the ability to make a direct impact on our industry!
- This committee has a great mix of seasoned veterans and junior level members, which gives everyone direct contact to grow personally!

GOALS/DELIVERABLES

1. To create guidelines that provide detailed recommendations for selecting repair materials and methods.
2. To create learning modules that are effective in educating ICRI members of all experience levels and job description.
3. From a foreman in the field to the professional engineers developing repair recommendations, we want to provide the tools necessary to make each project a success!
